

Congratulations to the 2008 PCB Award Winners!

The annual Professional Certification Board (PCB) awards pay tribute to volunteers and organizations that have played a key role in advancing the CPP, PSP, and PCI designations. The PCB extends special thanks to the ASIS volunteer leaders who responded enthusiastically with the selection and nomination of candidates.

Regional winners were recognized for their accomplishments in mentoring and enhancing educational sessions. Award recipients from the Organization Award of Merit and Special Recognition Award categories were honored for their commitment to the advancement of ASIS security designations and/or for playing strong leadership roles in the training and development of their staff.

Regional Award Winners

Hurley D. Bryant, CPP; **Region 3**

David A. Knutson, CPP; **Region 3**

Earl E. Truncer III, CPP; **Region 4-A**

Organization Award of Merit Winners

University of Michigan Hospitals and Health Centers' (UMHHC) Security Services Department

Command Provost Marshall Directorate (CPMD), G3/5/7, U.S. Army Headquarters Training and Doctrine Command (TRADOC). TRADOC recruits, trains and educates the Army's Soldiers; develops leaders; supports training in units; develops doctrine; establishes standards; and builds the future Army.

Special Recognition Award

Caterpillar Global Security and Securitas Security Services USA, Inc. (Securitas USA)

The Special Recognition Award salutes individuals and organizations that play an instrumental role in the promotion and advancement of the Society's certification programs. Both Caterpillar Global Security and Securitas Security Services USA, Inc. encourage, monitor and reward professional development at all levels within their companies. Company leaders have taken a personal role in the development and implementation of their certification initiatives, both in the U.S. and internationally. This in itself has raised the awareness of the importance of certification throughout the security field.
