

Crime/loss Prevention Council New Member Orientation Guide

Mission Statement

The objectives of the Crime and Loss Prevention Council are to:

- A. Provide an additional means consistent with the objectives of the Society for the exchange of information, techniques, and experiences in the field of asset protection.
- B. Establish and sustain a productive relationship for the common purpose of crime prevention between the public law enforcement and private security sectors.
- C. Establish a mechanism that will facilitate implementing effective security concepts and practices in the deterrence of criminal activity.

Other ASIS Councils

Aside from the Crime and Loss Prevention Council, ASIS International has approximately thirty (30) other Councils that Crime and Loss Prevention interacts with occasionally. Interaction may include joint educational ventures as well as the lending of members expertise for specific projects and objectives.

- [Utilities Security Council](#)

Member Meeting Requirements

Meeting times

Crime and Loss Prevention Council members are expected to attend scheduled Council meetings. There is usually an annual meeting in conjunction with the ASIS annual conference, and a mid-year meeting held in different cities throughout the United States. Also, in some circumstances, monthly or quarterly meetings are appropriate, and Council members are expected to attend those as well. The Council attempts to make teleconferencing available for those members who cannot physically be on location for scheduled meetings.

Meeting Protocol

The Council adheres to the Roberts Rule of Order. Therefore, meeting minutes are recorded and any request for action on items is taken by way of motion.

Other Council Communications

At times, Council members may seek to advance an initiative to be adopted by the Council. Such an initiative should be in writing and provided to the Council President for action, (for example- suggested best practices or guidelines). Additionally, the Council is responsible for providing ASIS with member accomplishments for publication. These activities should also be provided in writing and to the Council President.
