Subject: ORMM Committee Meeting - Tuesday, October 18

Importance: High

Dear ORMM Technical Committee Members:

Please be informed that a virtual meeting is scheduled for Tuesday, October 18, 2011 from 11:00 am to 12:00 pm U.S. EDT.

The purpose of the meeting is to review the working group's proposed recommendations for the resolution of comments to the 8/24/11 draft (and if appropriate), approve the revised draft Standard for a 30-day letter ballot submission and concurrent 45-day ANSI public review period. The proposed revised draft will be sent in advance of the meeting.

Please mark your calendars and plan to attend this meeting; it will require quorum (participation of a simple majority of the voting members of the Committee, and a majority of the voting members of each interest category), to approve the letter ballot action.

If you are a voting member and are unable to attend this meeting, please advise via reply to standards@asisonline.org on or before Friday, October 14, 2011. (If you are unsure of your voting status, please feel free to contact us for that information.)

The draft [agenda](#) is available on the [ORMM Standard](#) Committee web page.

Best regards,
Jeanette
