

# Contents

Foreword .....	xiii
Preface .....	xv
The Three C's of Cargo Theft .....	xv
Part One: Warehouse Security .....	1
Inventory Shortages .....	3
Inventory in Manufacturing .....	6
Distribution: Warehousing and Trucking .....	7
Retailing Inventories .....	9
Inventories Based on Estimated Gross Profit .....	11
Variances Not Caused by Theft .....	13
Advantages of Information Technology Processing Systems .....	15
Inspections in Manufacturing, Distribution, and Freight Terminals—Records Of Openings and Closings .....	16
Inspections in Retailing .....	22
Warehouse Security—25 Recommendations .....	24
Warehouse Distribution Security .....	27
Satellite Tracking .....	30
Part Two: Airline Security .....	39
The Airline Industry Response to Cargo Theft .....	41
The Air Cargo Security Picture .....	41
Local Air Transport Association (ATA) Security Committees .....	46
Analysis of Theft Patterns .....	48
Liaisons .....	49
A Look to the Future .....	53
Proper Packaging Is an Integral Part of Air Cargo Security .....	54
Problems Common to Shippers and Carriers .....	58
What Airlines Can Do .....	59
These Things Must Be Done .....	61
The Terrorist Plan .....	62
The Attack .....	64

The Security Problem .....	65
There's Many a Slip .....	66
Equipment .....	67
Devious and Cunning .....	68
Cheap—But Effective .....	70
Conclusion .....	71
High Stakes .....	72
Motives .....	73
Crew Guidelines .....	73
The Passengers .....	75
On the Ground .....	75
The Pressures .....	77
High Risk .....	78
Part Three: Seaport Security .....	81
Marine Cargo Security .....	83
The Pilferage Problem .....	83
Physical Security .....	90
Cargo Loss Prevention Equation .....	91
Building Security .....	100
Secured Truck Storage Area .....	102
Gate Pass Procedures: Less than Container Load (LCL) .....	108
Procedural Security .....	111
Security Personnel .....	114
The Security Officer .....	115
Precautions to Be Taken by Vessels to Avoid Attack by Terrorists .....	118
Marine Security Questionnaire .....	121
Part Four: A Railroad Perspective .....	129
Cargo Theft Prevention for Railroads .....	131
What Is Your Present Condition? .....	131
Involving Everyone Concerned .....	132

The Customer Is King .....	133
Locating the Problem .....	135
Summary .....	138
Conclusion .....	140
Part Five: Special Areas of Transportation Security .....	141
Crude Oil Movements by Tanker .....	143
Crude Oil Movement by Barge .....	145
Meters .....	146
Samplers .....	148
Movement of Crude Oil by Tank Truck .....	149
Refined Petroleum Products .....	150
Movement of the Refined Products by Pipeline .....	152
Conclusion .....	153
Transportation of High-Value Shipments .....	153
Storage .....	154
Reference Specifications .....	156
Documentation .....	157
Accountability .....	158
Trackability .....	159
Transportation .....	159
Dealing with a Loss .....	164
Summary .....	166
Ground Transportation and Tracking .....	166
Part Six: Seals .....	173
Cargo Seals .....	175
High-Security Seals .....	176
Audit Procedures .....	181
Use of Seals .....	182
Part Seven: Investigations .....	185
Logistics Investigations .....	187
Marine Cargo .....	198
Air Cargo .....	200

Part Eight: Security Surveys and Audits .....	213
The Best Time to Conduct the Survey .....	217
Developing Your Security Points .....	217
Nine Points of Security Concerns .....	218
Communication .....	219
Crime Analysis .....	219
The Report .....	223
Survey Follow-Up Evaluation .....	224
Preparing the Security Survey Report .....	224
Perimeter Protection .....	230
Perimeter Security Checklist .....	234
Lighting and Security .....	236
At Night .....	236
Lighting Checklist .....	239
Locks and Key Control .....	240
Key Control and Lock Security Checklist .....	244
Intrusion Alarms .....	246
Intrusion Alarm Security Checklist .....	247
Additional Checklists .....	249
Inspection Report Forms .....	249
Terminal Security Inspection Report .....	249
Physical Security Checklist .....	256
Communications Checklist .....	258
Personnel Identifications and Control Checklist .....	260
Package and Material Control Checklist .....	263
Vehicle Control Checklist .....	264
Guard Forces Checklist .....	267
Fire Prevention Checklist .....	269
Loss Prevention & Risk Analysis Measures .....	281
The Theory .....	281
Survey Objectives .....	282
Overview of the Security Plan .....	284
Problem Evaluation .....	287

Program Development .....	291
Analysis of Variables .....	292
Program Validation .....	294
Implementation .....	294
Conclusion .....	295
Loss Prevention Suggestions .....	296
A Management Checklist for the Movement of Cargo .....	297
Appendices .....	307
Appendix A Glossary .....	309
Appendix B Logistic Security Organizations and Sources of Information .....	391
Appendix C Cargo Security Checklist .....	399
