Responsible charge* is defined as the charge exercised by an individual in a management position who makes decisions for the successful completion of objectives without reliance upon directions from a superior as to specific methods. However, an applicant need not have held a supervisory position, as long as the positions on which the application relies have specifically included responsibility for independent decisions or actions. If "responsible charge" is not based on supervisory responsibilities, then security program management responsibilities and duties must be clearly shown. Generally, this excludes such positions as patrol officer or the equivalent.

Case management* is the coordination and direction of an investigation utilizing various disciplines and resources, the findings of which would be assessed to establish the facts/findings of the investigation as a whole; the management process of investigation.

Extension Policy for Exam Eligibility and Recertification

Candidates who have not tested within their two-year eligibility period will have to reapply for the exam. Certificants who are beyond their lapsed recertification term will not be granted an extension. ASIS does not grant extensions due to job demands, company budgets, employment status, personal finances, changes in marital status, changes in mailing address, and other personal or professional reasons. Extensions may be granted if there is a severe hardship such as a major medical emergency in the immediate family, a natural disaster, or if on active military duty and deployed into a remote or hazardous area (not applicable to military contractors). Military personnel need to verify this status by submitting a copy of official deployment orders. Severe hardship must be documented and verifiable.
