

ASIS International and the Military

HELPING MILITARY PROFESSIONALS GROW IN
THEIR CAREERS AND SUCCEED IN THEIR JOBS

Aim Higher with ASIS International

Credibility. Influence. Success.

Wherever you are in your career, whether active duty or preparing for a second career, ASIS International has the tools, resources, and professional network you need to achieve your goals. As the largest organization for security management professionals worldwide, ASIS International embraces every security discipline across sectors, from operational to cybersecurity.

Thousands of active duty and retired military personnel become members of ASIS. They benefit from stronger relationships with peers in the private sector as well as gaining a deeper understanding of the depth and breadth of opportunities within the security profession.

ASIS MEMBERSHIP PROVIDES:

- Real-life, practical knowledge you can apply in your job
- Reliable, vetted intelligence that will keep you at the forefront of the profession
- A global network you can count on to support your career development
- Direct access to the best security jobs and career resources
- A platform to establish and build strong partnerships with private sector counterparts

Most important, there is mutual trust, support, and professionalism among members that extends across borders, as well as within our 242 chapters. Whether you need a fresh perspective or help with a professional challenge, you can rely on ASIS' extensive member community, 35,000 strong.

Learn how you can join this worldwide network by visiting asisonline.org/military.

Councils Build Connections

An ASIS member benefit, our 34 Councils provide an open forum for security professionals from every industry sector to share best practices, collaborate on common issues, and discuss emerging trends. Of special interest to military members:

MILITARY LIAISON COUNCIL

Serves the professional needs of our ASIS military members; promotes understanding, cooperation, and synergy among private security, ASIS International, and the military services; and encourages the advancement of professional security competency of military professionals through educational resources, training, and certification.

Reach New Heights in Professional Excellence

Earn an ASIS board certification.

Your uniform speaks volumes about your personal strengths: dedication, vigilance, resilience. Earning an ASIS board certification conveys your professional strengths: mastery of security principles and skills, experience, and a commitment to excellence.

Distinguished by their global development and application, ASIS certifications are transferable across all industry sectors and geographic borders.

FOR GOVERNMENT AND MILITARY SECURITY PROFESSIONALS, ASIS BOARD CERTIFICATIONS:

- Provide a way to build on previous security experience
- Help develop a proactive orientation
- Ease the transition to a career in the private sector

ASIS BOARD CERTIFICATIONS:

- **Certified Protection Professional (CPP)**
Provides independent confirmation of your ability to assume leadership responsibilities and effectively manage broad security concerns.
- **Professional Certified Investigator (PCI)**
Provides independent confirmation of specialized skills in security investigations, including case evaluation and review of options for case management strategies.
- **Physical Security Professional (PSP)**
Provides independent confirmation of expertise in conducting physical security surveys to identify vulnerabilities and performing a cost analysis for the selection of integrated physical measures.

“Earning a board certification was an important addition to my military experience and training. It validated my security knowledge and competency, as well as opened the door to a worldwide network of peers with proven security management expertise.”

Michael J. Allshouse, Colonel,
USAF (Ret), CPP
Director of Information Protection
Air Education and Training
Command.

By earning a CPP, PCI, or PSP, employers, partners, and peers will instantly recognize you as the “best of the best”.

Qualified U.S. applicants may receive reimbursement for the certification exams through the G.I. Bill. An application is available at www.gibill.va.gov or call +1.888.442.4551 and request VA Form 22-1990.

Scholarships and More

ASIS Foundation/Military Liaison Council Certification Scholarships

Awarded annually, these scholarships provide funding for members who are active duty military, national guard, or military reserve personnel assigned to the armed forces of any nation to pursue an ASIS board certification. Scholarships cover the expense of application, preparation (online review), and testing for the CPP, PCI, or PSP credential. The number of awards is determined by available funds.

ASIS Military/Law Enforcement Appreciation Day

Held every year at the ASIS International Annual Seminar and Exhibits

Active duty law enforcement, military, and first responders can take advantage of FREE admission to the Annual Seminar and Exhibits on this special day.

THE COMPLIMENTARY ONE-DAY PASS INCLUDES:

- Wednesday's Keynote
- Admission to all education sessions on Wednesday
- Access to the exhibit floor featuring the latest technology and services—plus career services, free presentations, and more
- Countless networking opportunities

About ASIS International

ASIS International (ASIS) is the largest membership organization for security management professionals that crosses industry sectors, embracing every discipline along the security spectrum from operational to cybersecurity. Founded in 1955, ASIS is dedicated to increasing the effectiveness of security professionals at all levels.

With membership and chapters around the globe, ASIS develops and delivers board certifications and industry standards, hosts networking opportunities, publishes the award-winning *Security Management* magazine, and offers educational programs, including the Annual Seminar and Exhibits—the security industry's most influential event. Whether providing thought leadership through the CSO Center for the industry's most senior executives or advocating before business, government, or the media, ASIS is focused on advancing the profession, and ensuring that the security community has access to intelligence, resources, and technology needed within the business enterprise.
