Usage of the CPP, PCI or PSP mark

In order to use the designation, the certified party must pass the respective exam. To continue use of the mark, the certified party is also required to recertify on a periodic basis. A certification holder may only use the certification mark on materials to identify themselves as such and only on items such as business cards, stationery and resumes.

The certified party may not appropriate the certification marks as their own trademarks or service marks or incorporate the marks into their own source identifiers.

Once a violation is discovered, ASIS will generate and send a letter to the offending party informing them of the violation and requesting that the offending activity cease within 30 days. Legal action will be pursued if there is non-compliance of this request.

ALL SUBMISSIONS ARE CONFIDENTIAL
