

**O.P. Norton Information
Resources Center
(IRC)
at ASIS Headquarters**

**A Photo Tour of the
“ASIS Security Library”**

@ ASIS International Headquarters

The ASIS Information Resources Center (IRC) is located on the 3rd floor of ASIS International headquarters in Alexandria, Virginia.

Information Resources Center (IRC)

The IRC is open Monday through Friday between 9 a.m. and 5 p.m.

We are closed on U.S. federal holidays.

Information Resources Center (IRC)

The American Society for Industrial Security (ASIS) established the O.P. Norton Information Resources Center (IRC) in 1984.

O.P. Norton, CPP, was the Executive Director of ASIS from 1972 to 1977. One of his goals was the establishment of a security library at HQ for members.

**In 2014 we celebrate the
IRC's 30th Anniversary!**

**To date, staff librarians have
responded to almost 50,000
requests for information!**

The Collection

Members have free, onsite use of the library's collection of more than 50,000 security materials in print or media formats. Our print and media collection and our virtual library of digital security resources is increasing daily.

Books, monographs and documents are shelved for visitors' access and are easy to find.

Need help?

IRC staff provides assistance if needed.

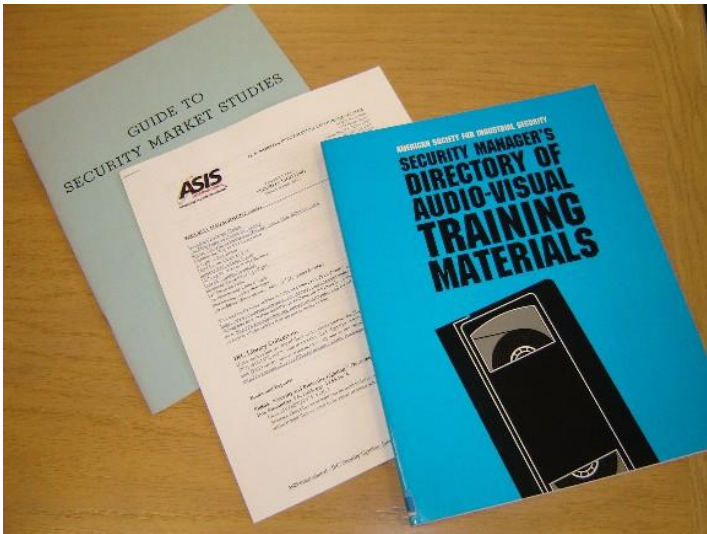

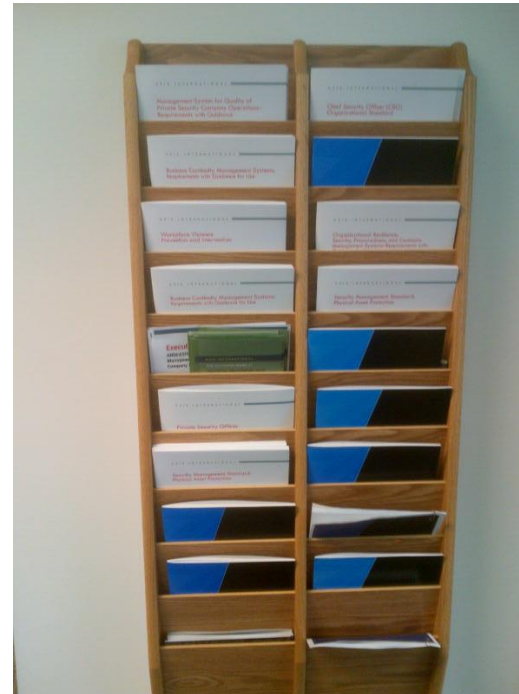

Audiocassette cassettes recorded at ASIS Annual Seminar Sessions from 1984 to 2007 may be used onsite with our recorders/players. Seminar sessions from 2008 through the current year are on CDROM or DVD formats, and also available for onsite review.

Reference materials include bibliographies, directories, databases, research guides, indexes and other security information resources and finding aids developed by the ASIS librarians.

CRISP research reports, ASIS standards and guidelines along with other ASIS publications, are easily found.

The IRC collection includes over 25,000 issues of English-language security magazines, journals, and newsletters-- some titles even from the 1950's to the present.

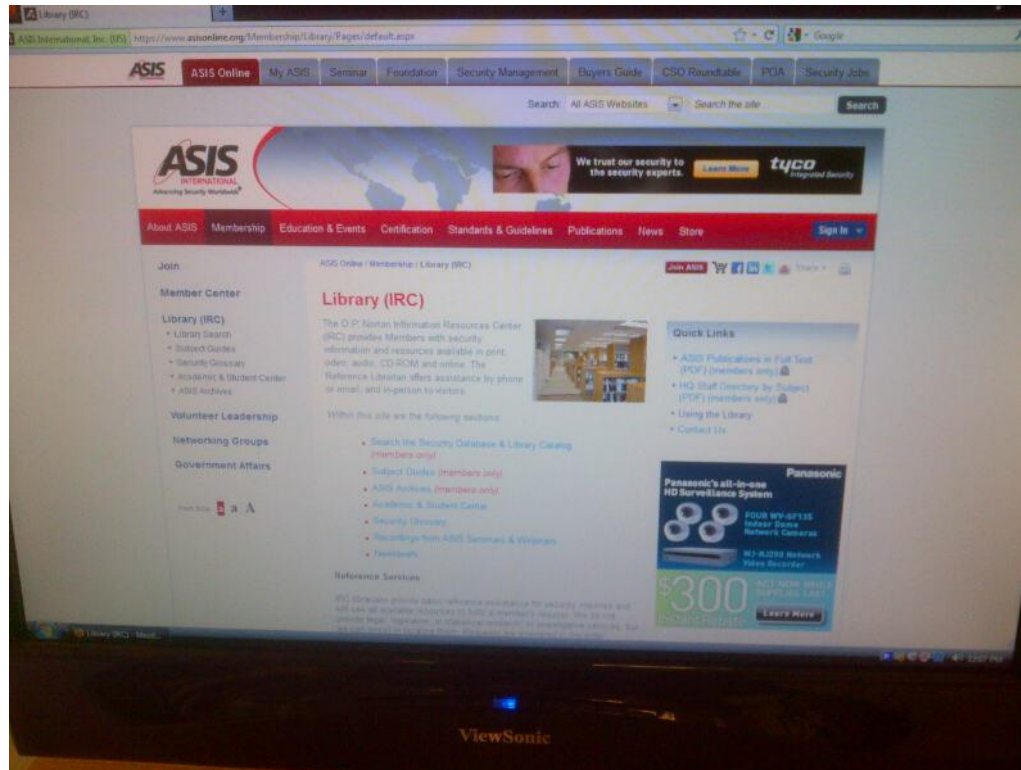

We are currently seeking samples of other, non-English security serials. Contact us for more information or to donate publications.

An Internet connection is available to access the ASIS website and search the IRC Online.

Instruction and guidance is provided by staff librarians.

IRC Online at <http://www.asisonline.org/irc.html>

Members may access the IRC Online 24/7 every day to browse or search the security database/catalog.

WiFi (wireless) access in the library offers visitors the convenience of working onsite.

Choose one of the conference tables or private study carrels to accommodate your need.

Onsite ASIS Bookstore

The ASIS bookstore displays at least one copy of each title for customers to purchase onsite.

If you wish to purchase quantities of ASIS publications, please call us in advance, so we can be sure to have enough copies for your needs.

The IRC assists thousands of members each year with security related inquiries; primarily by email and telephone. Do not hesitate to call us—we are here to save you time and effort in finding security resources and answers.
