The Young Professionals Group is an exciting new initiative within ASIS International. This special forum was created in 2010 to establish a comfortable environment both for ASIS members new to security and for future leaders to engage in ASIS programs and activities. The group's core mission is to develop and educate young careerists in the security industry. For more information on the YP initiative, please visit www.asisonline.org/yp_, or contact the YP chapter liaison at yp@asistoronto.org
