Effective Management for Security Professionals - 2017 Edition Launched

[Effective Management for Security Professionals](#) is an executive education program developed in partnership with IE Business School in Madrid, one of Europe's leading business schools. The four-day program is delivered by IE Business School faculty members, all practitioners and experts in their respective fields.

Since every organisational decision affects the bottom line, it is essential for security managers to have the knowledge necessary to ensure adequate budgetary and organisational support for the security function. Explore core business concepts and develop your business acumen in this custom-designed program.

Reminder for Certified Members to Submit CPE Credits

The end of the year is just around the corner and submission of your CPE credits will help ensure that your status is updated in time for January 2017.

A [Reporting CPEs: Step by Step Instructions](#) presentation has been developed as a tool to guide certificants on how to submit activities online.

Please note that ASIS International will close on December 24, 2016 and will reopen on January 3, 2017, therefore, a grace period will be offered until January 30, 2017.

Questions? Please contact the ASIS Certification Department at certification@asisonline.org.

Articles for the next *ME Dynamics* can be submitted until January 8.

Dubai Launches Drone Hunter to Secure Airport

Drones have come a long way in a very short period of time. Like many items in the world of tech, drones are a concept that have gone from quirky ideas to real-world practical deployment.

The Dubai airport is the third busiest in the world, and it has problem with drones - specifically unauthorized drone activity in its airspace, which can cause critical safety and security concerns. A wayward drone sucked into a jet engine can mean disaster.

Global piracy on the high seas is trending toward kidnap for ransom and away from hijacking, according to a new report. "Piracy has changed in the past three years," said Devlin McStay, data analyst at IHS Maritime and Trade, which released the report. "The number of piracy attacks is decreasing overall, but kidnapping is becoming more common," McStay said in a statement. "We are seeing the number of kidnappings rise in the piracy hotspots of Southeast Asia and West Africa."

Education and Events

ASIS Middle East 2017: Save the Date

ASIS Middle East 2017 will take place from November 5 to 7, 2017, in Manama, Kingdom of Bahrain.

ASIS will create a program leveraging its unparalleled pool of experts from critical infrastructure, oil and gas, manufacturing, finance, and hospitality.

The event will showcase leading opinions, analysis, strategic frameworks, and practical experience, in combination with an exhibition featuring the latest solutions and technologies.

For questions about the event, please contact middleeast@asisonline.org.

taking advantage of early-bird rates. Realize additional savings by booking your hotel room before the deadline. Plan ahead to get ahead.

The banner features a blurred background image of a busy train station with many people walking. In the top left corner, there is a blue square with the ASIS Europe logo. The main text is white and blue, listing various security topics. At the bottom, there is a black bar with white and blue text providing event details and a website link.

ASIS EUROPE 2017
FROM RISK TO RESILIENCE

MICO, MILAN ITALY
29-31 MARCH 2017

www.asiseurope.org

Alongside the conference programme at [ASIS Europe 2017](http://www.asiseurope.org) which will focus on the blurring of lines between physical and cyber threats, a new format of Training Modules has been introduced.

The Training Modules are designed to offer practical learning with maximum affordability and flexibility. Modules can be purchased for just €75 each or in bundles by day. Registration also includes the Show Pass for access to the Exhibition, Technology and Solutions Track, and the ASIS Europe Career Centre - also making a debut appearance in Milan.

Five of the six modules are already confirmed:

- How to Structure and Implement a Travel Risk Management Programme
- Fundamentals of Cybersecurity for non-IT Professionals
- Fundamentals of Cyber-Physical Security
- Crisis Management Best Practices
- Social Engineering - Be Aware!

For up-to-date information and registration, visit www.asiseurope.org.
