Sources of Information on Terrorism

Information Sources Online

The following are sources providing online access to reports, essays, news, opinions, and other documents covering the subject of terrorism. This list is not exhaustive. ASIS members are invited to contribute to this list; please send an email to info@asisonline.org.

- [American Security Project \(ASP\)](#)

The American Security Project (ASP) is a nonpartisan organization created to educate the American public and the world about the changing nature of national security in the 21st Century.

- [Center for Homeland Defense and Security](#), Naval Postgraduate School and U.S. Department of Homeland Security

Since 2002, CHDS has conducted a wide range of programs focused on assisting current and future leaders in Homeland Defense and Security to develop the policies, strategies, programs and organizational elements needed to defeat terrorism in the United States.

- [Center for Strategic & International Studies \(CSIS\) International Security Program \(ISP\)](#)

A public policy research institution dedicated to analysis and policy impact.

- [The CIP Report](#), Center for Infrastructure Protection and Homeland Security (CIP/HS), George Mason University

The CIP Report is a monthly, electronic newsletter for professionals in industry, government, and academia who have an interest in critical infrastructure security and resilience.

- [Department of Homeland Security](#)

Our goal is clear: a safer, more secure America, which is resilient against terrorism and other potential threats.

- [Department of State Bureau of Counterterrorism](#)

The primary mission of the Bureau of Counterterrorism (CT) is to forge partnerships with non-state actors, multilateral organizations, and foreign governments to advance the counterterrorism objectives and national security of the United States.

- [Department of State Bureau of Diplomatic Security](#)

News & information; counter-terrorism & narcotics rewards programs; passport & visa fraud investigations programs; employment opportunities, etc.

- [Federal Bureau of Investigation - Terrorism](#)

It's our top priority —protecting the U.S. from terrorist attacks.

- Government Accountability Office (GAO) Key Issue: [Countering Overseas Threats](#)
Along with reports covering overseas threats, there are reports addressing the subjects of combatting terrorism, terrorism insurance, information sharing, and homeland security.
- [Homeland Security Digital Library \(HSDL\)](#)
The Homeland Security Digital Library (HSDL) is the nation's premier collection of homeland security policy and strategy related documents. It supports local, state and federal analysis and decision-making needs and assists academics of all disciplines in homeland defense and security related research.
- [Homeland Security Studies & Analysis Institute \(HSSAI\)](#)
The HSSAI is a federally funded research and development center (FFRDC) which provides the federal government with analytic capabilities to support effective counterterrorism-related decision making and program execution.
- [National Terrorism Advisory System](#)
The NTAS system effectively communicates information about terrorist threats by providing timely, detailed information to the public, government agencies, first responders, airports and other transportation hubs, and the private sector.
- [National Threat Assessment Center](#)
The mission of NTAC is to provide guidance on threat assessment, both within the Secret Service and to its law enforcement and public safety partners.
- [Markle Foundation - Advancing National Security in a Connected World](#)
Markle's national security work has focused on how to use information and information technology to improve national security while protecting traditional civil liberties.
- Office of Justice Programs, Office for Victims of Crime: [Terrorism and Mass Violence](#)
OVC develops programs and initiatives to support victims of domestic and international terrorism, as well as victims of global crimes such as international parental child abduction and tourist-targeted victimization.
- Oklahoma Department of Libraries – [Annotated Bibliography of Government Documents Related to the Threat of Terrorism and the Attacks of September 11, 2001](#)
All documents are described with concise annotations and available through the Federal Depository system. Many are available via the Web.
- RAND Corporation [Homeland Security and Defense Center](#) and [Research Reports on Terrorism and Counterterrorism](#)
The Homeland Security and Defense Center conducts analysis to prepare and protect communities and critical infrastructure from natural disasters and terrorism. With its significant body of work on terrorism, RAND has an impressive record of advising the public on individual preparedness, first responders on crisis management, and policymakers on counterterrorism strategies at home and abroad.
- [Southern Poverty Law Center](#)
The Southern Poverty Law Center monitors hate groups and other extremists throughout the United States and exposes their activities to law enforcement agencies, the media and the public.

- [The Stimson Center](#)

The Stimson Center is a nonprofit, nonpartisan institution devoted to enhancing international peace and security through a unique combination of rigorous analysis and outreach. Current programs focus on drones/unmanned aerial vehicles (UAVs), managing across boundaries, space security, and other topics.

- [Terrorism Watch and Warning](#)

Terrorism.com was established to provide intelligence, research, analysis, watch, and warning on international terrorism and domestic terrorism related issues. Terrorism is the systematic use of violence as a means of coercion often driven by political or ideological objectives.

- [The Washington Institute for Near East Policy](#)

The mission of The Washington Institute is to advance a balanced and realistic understanding of American interests in the Middle East and to promote the policies that secure them.

- The White House [Office of Homeland Security](#)

The President is committed to securing the homeland against 21st century threats by preventing terrorist attacks and other threats against our homeland, preparing and planning for emergencies, and investing in strong response and recovery capabilities.

Information Resources Center (IRC) Security Databases & Library Catalog

The Security Database & Library Catalog of the IRC has hundreds of records on the subjects of terrorism and counterterrorism, including references to books, *Security Management* articles, government reports, Annual Seminar recorded sessions, and other documents. Print items are available for use onsite in the O.P. Norton Information Resources Center (IRC) by ASIS International members. Some items have links to electronic versions accessible via the Internet. [Sign-in to the ASIS website, then go to the library webpages to navigate to the Security Database & Library Catalog.](#) Search using the term “**terror**” or “**terrorism.**” You may also search using one of these phrases or individual terms:

- Bombs/Explosives
- Extremism
- National Security/Homeland Security
- Transnational crime
