Success Spotlight: ASIS Community Case Studies

Best practices and lessons learned from ASIS communities around the world

ASIS African Security Conference 2017 | Lagos, Nigeria 1-2 June 2017

Several African chapters recently collaborated on a two-day conference and exhibits focused on "Security in a Fast Changing World." Educational topics touched on timely issues facing global security professionals including ransomware, cyber-resilience, terrorism, business continuity, workplace violence, and more. Learn how the region organized this event, the challenges they faced along the way, and benefit from the lessons learned.

Share your success stories, collaboration ideas, and best practices for a future issue.

Add your chapter and council programs to our [industry events](#) calendar.

Volunteer Toolkit

Featured Tools

Virtual Meeting Tools

We are excited to introduce new virtual meeting tools to help chapters expand their education offerings. Each ASIS region will share a virtual meeting account across its chapters that can accommodate up to 300 attendees per event through audio conferencing or 125 through online meeting rooms.
