

Technical Committee Membership Application Security Awareness (SA) Standard Development

Joint ASIS, (ISC)², and ISACA Standards Initiative

Applications due: June 3rd, 2016 to: standards@asisonline.org

Scope: The Standard will focus on cross-disciplinary management measures, as well as awareness and training programs. The guidance standard will help organizations and their supply chains prepare for and minimize the likelihood of an undesirable event, as well as respond to and recover from a security incident. Topics of discussion related to security awareness will include: physical security, information security, cybersecurity, wireless networks; password security; and intangible asset security.

In order to be considered, applicants must create a customer record via the ASIS website (see below link to “create a profile”). If you already have a record (or ASIS contact ID number), please review it and update your contact information accordingly. Your ASIS customer record will serve as your SA Committee membership record.
