

Certification Program Volunteer Form

If you hold an ASIS certification and are interested in volunteering to help ensure the certification programs align with current and emerging industry trends, please review the following to choose the project that works best for you. Note the required time frame commitments. *All volunteers will receive CPEs for their work.*

CPP Job Analysis Study – Every five years, ASIS conducts a job analysis study to update the exam’s body of knowledge (BOK), which is used to create exam items (questions). In 2019, we are recruiting 25-30 volunteers who have the CPP designation. The first panel of 12 will review the current BOK to ensure it still reflects the knowledge and skills to be a CPP. This panel will meet for a three-day, face-to-face meeting at the ASIS headquarters (tentatively scheduled for May - July 2019).

The **second panel** of 12 will meet in late 2019 - early 2020 to finalize the BOK. Some volunteers from the first panel may be asked to join the second panel.

PCI Item Writing and Review Panels – We are seeking 10-12 item writers and 5-6 item reviewers to create new exam items. This project requires a *two-year commitment*. You’ll meet for a three-day, face-to-face at ASIS Headquarters (in Q2 2019) to be trained on how to write and review items. You will then be required to write (or review) 10 items per year for the two-year assignment. All items will be written and stored using Prometric’s item banking system. You must hold a current PCI to participate.

PSP Item Writing Panel – We are seeking 10-12 item writers and 5-6 item reviewers to create new exam items. This project requires a *two-year commitment*. You’ll meet for a three-day, face-to-face at ASIS Headquarters (in Q2 2019) to be trained on how to write and review items. You will then be required to write (or review) 10 items per year for the two-year assignment. All items will be written and stored using Prometric’s item banking system. You must hold a current PSP to participate.

To confirm your interest, please complete the application form on the next page (save and print it out) and return to certification@asisonline.org. We will contact everyone with next steps after the panels have been selected.

Thank you for your interest and dedication to the ASIS Certification programs!

Date of Application: _____

I am interested in (check only one):

CPP Job Analysis Study

PCI Item Writing Panel

PSP Item Writing Panel

First Name: _____ Last Name: _____

Job Title: _____ Company Name: _____

Address: _____

City, State, Zip Code: _____

Country: _____

Phone #: _____ E-mail: _____

Which ASIS Certification(s) do you hold? **CPP®** **PCI®** **PSP®** **APP**

What year did you achieve certification? _____

How many years have you been in a security management position? _____

What is the function that is most important to/best describes your job? (Check only one)
