

## **IDEAS FOR EARNING RECERTIFICATION CPE CREDITS WHILE SHELTERING IN PLACE**

Due to the rapidly changing circumstances as a result of the coronavirus (COVID-19) pandemic, ASIS Certification staff would like to share information and resources to support our members during this difficult time.

Certificants have various options through which they can earn recertification credits. These include security or business management-related organizations, online educational programs, and public service projects. Below are online learning options for those sheltering in place during the pandemic. By no means are these the only ways to earn valuable credit, please refer to the [Recertification Guide](#) to view other credit categories to earn CPEs.

### **Category 1: Membership (Max. 24 CPEs)**

Are you a member of a nonprofit security or business management-related association? Your membership can earn you recertification credits. Earn credits for association activities that contribute to the enhancement of your ASIS certification via education and other professional development programs.

### **Category 2: Online Educational Activities (No Maximum)**

[Attend 2020 GSX+](#), which has moved to a totally virtual platform. You can earn up to 25 CPEs for attending this exciting event!

Here are other online activities for which you can also get credit:

- [ASIS - The Learning Exchange](#)
- [ASIS Webinars](#)
- [ASIS - eLearning Collections](#)
- “Best of GSX 2019” bundles, which offer topic-specific packages of selected from GSX 2019 sessions. Credits will be awarded based on bundle length.
  - [ESRM in Action](#)
  - [Social Media as an Investigation Force Multiplier](#)
  - [Business Continuity Plans](#)
  - [Cyber Attacks- Prevention and Response](#)
  - [Lessons Learned by Purposefully Hacking Physical Security](#)
- ASIS approved Preferred CPE Providers that offer online learning (all course offerings that align with the domains of the certification will be approved for CPE credit). See [a list of Providers](#) and the education they offer.

### **Other security-related certification and certificate programs**

If you have earned a certification from another organization, you may earn 20 CPEs provided you earned the certification during your three-year certification cycle. The PCB has approved [this list](#) of other certification programs that are eligible for CPE credit.

### **Category 6: Certification, Standards & Guidelines Program Service (Unlimited)**

- [Standards & Guidelines - International Standards Development](#): Currently, ASIS is accepting interest to support two key security standards projects
- [Become an ASIS Volunteer](#): All ASIS certification programs are created and maintained by volunteers in the security profession. If you hold an ASIS certification and are interested in volunteering, please complete [this form](#).

### **Category 7: Public Services (Unlimited)**

Remember that your security-related pro-bono volunteer activities also count! Eligible activities include those for a charitable, religious, governmental, or community entity that is performed pro-bono. Examples include security audits of public-school buildings; security plan for fundraising march or other large activity; evaluation of emergency management for public agency.
